

# HURRICANE DANTE JOB BOARD

SOURCE  
#4

now hiring

Hurricane Dante has caused so much damage and hurt many people's lives. There's so much work to be done rebuilding our city. Post your Dante recovery job advertisements here.

**Fitness Trainer Wanted** Do you love helping people become fit? Then you may be the person we're looking for. Frank's Gym is open! We know people will want to start working out again as soon as possible. If you are an experienced fitness trainer, please come to Frank's Gym today to fill out an application.

- *Frank's is the gym I go to! Anyway, this seems like a great job for the right person.*
- **You may be right, but this job really has nothing to do with the Dante recovery.**

**Children's Entertainer Wanted** KidParty is the home of the best children's parties in Port Douglas. We are looking for an experienced children's entertainer. The person will perform at children's parties, in costume, as Arnold the Aardvark. He or she will sing, dance, and serve pizza and soda to children. Go to [www.kidparty.site](http://www.kidparty.site) for more information.

- *KidParty is a lot of fun. I think this job is important if we want things to get back to normal.*
- **No -- You said your job board is only for jobs having to do with rebuilding after Dante, and this one doesn't do that.**

**Children's Day Care Workers Needed** Dante damaged several preschools. These children have nowhere to go. Their parents must go back to work. We need day care workers who can take in up to six children, ages two to five years old. Workers must be fully licensed to take care of children at home. Hours are from 8:00am to 6:00pm. They will serve children breakfast and lunch. Please email [Joan@Child-Care.site](mailto:Joan@Child-Care.site) for more information.

- *I don't know, Boss. How does this job help everyone get back to normal after Dante?*
- **These jobs help children who lost their preschools in the storm, and they employ out-of-work day care workers.**

**Teaching Assistants Needed** Riverside Middle School needs two qualified teaching assistants to manage an after-school program. Kids whose homes were damaged in the storm need safe places to go. Assistants will coach sports, help with homework, and lead group games. At least 50 children will be in the program. Hours are 3:00pm to 6:00pm. Please email Principal Dunn at [Dunn@riverside-ms.site](mailto:Dunn@riverside-ms.site).

- *I'm not sure that this supports the recovery effort, but I think it's a great idea. What do you think?*
- **Yes, it provides a safe place for kids who can't go home after school because Dante damaged their homes -- we should post this.**

**Bulldozer Drivers Wanted** Jorge's Construction needs drivers who can run bulldozers. We are tearing down some buildings that were damaged by Dante and can't be repaired. We will also move fallen trees from the streets. Must be able to start immediately! Come to the main office at Jorge's Construction to apply. Be prepared to start working today.

- *It sounds like they really need someone to start right away. They might even have hired someone already. Should we post this job or not?*
- **Let's post it, because this work is key to cleaning up Port Douglas, and Jorge is hiring more than one worker.**

**Fifth-Grade Teacher Wanted** Harper Middle School needs a fifth-grade classroom teacher to begin right away. Five to seven years of experience. Salary depends on level of teacher training. Call Assistant Principal Jones at (123) 555-3824.

- *I went to this school. I hope they get someone as good as my fifth-grade teacher. He was awesome!*
- **I'm glad you liked your old school, but this job has nothing to do with the storm recovery, so we shouldn't post it.**

**Park Landscaper Needed** Cadman Park was badly damaged by Hurricane Dante. Trees fell down. Flooding caused flowers to wash away. Winds ripped plants out of the ground. Park Design is looking for a trained landscaper to bring the park back to life. Apply online at [landscaper\\_job@parkdesign.site](mailto:landscaper_job@parkdesign.site).

- *Do you think this is an important storm recovery job?*
- **Yes, Dante did huge damage to our most important park, and people will feel more normal when it's all fixed up.**

**Engineers Wanted** We need engineers to inspect all bridges in Port Douglas. Must have degree in civil engineering. Must be able to work from 8:00am to 8:00pm, seven days a week, until they can declare all bridges safe. Please email AmandaT@TownEmergency.site

- *Those are long hours to work! It seems unfair. What should we do?*
- **Yes, because it's not up to us to decide how long these engineers will work each day.**
